## **B) BACKGROUND**

3) The economic growth in Sub Saharan region is projected to slow from 4.2 percent in 2021 to 3.7 percent in 2022. Kenya's economic growth is expected to be at 6.0 percent in 2022 from an estimated growth of 6.6 percent in 2021. Several economic shocks have affected many countries around the world which were already reeling from the negative impacts of the COVID-19 pandemic. Further to this, the Russia – Ukraine war and the resultant economic damage have largely contributed to the slowdown in economic activities, higher than expected inflation worldwide and weakening of the major global currencies.

4) Countries like Kenya which rely on food imports especially cereals e.g. maize and wheat, are likely to be affected by the impact of global inflation and weakening currencies. In 2022, inflation is projected to reach 6.6 percent in advanced economies and 9.5 percent in emerging markets and developing economies. Given the limited resources that the economy is likely to generate under prevailing circumstances, the County and thus County Departments/Entities are required to ensure that priorities are accommodated within the resource envelope and ensure that focus is on the implementation of strategic priorities outlined in Vision 2030's Medium-Term Plan IV (MTP 2023-2027) priorities and Governor's Manifesto.

5) The 2022/2023 budget was prepared under revised national budget calendar owing to the activities of the just concluded general elections. Further, the previous budget process was founded under the current medium term planning period (CIDP 2018-2022) whose implementation is coming to an end in 2022. Going forward the next MTEF budget 2023/2024-2025/2026 will be based on the new National development agenda articulated in Medium Term Plan IV (MTP 2023-2027) priorities

and Governor's Manifesto. Therefore, as noted in the guidelines for the preparation of the County Integrated Development Plan (CIDP) 2023-2027 vide Ref: NKR C/COF/PLANNING/CIDP/VOL.1/ (33), the MTEF budget will be based on the following priority areas:

- i. Carrying forward ongoing projects/programmes into the 3rd integrated plan period 2023-2027;
- ii. Post Covid-19 social economic recovery strategies & provision of social safety nets;
- iii. Leveraging on growth in productive sectors of the economy including agriculture, wholesale and retail trade, manufacturing and financial services;
- iv. Mainstreaming/integration of cross cutting issues in development planning including climate change adaptation, Disaster Risk Reduction (DRR), SDGs and special interest groups;
- v. Promotion of access to integrated, quality and affordable healthcare services;
- vi. Enhancing governance, transparency & accountability as well as efficiency and effectiveness in delivery of public good;
- vii. Creating an enabling environment for promoting private sector growth and faster growth of MSMEs;
- viii. Expansion and operationalization of County physical and social infrastructure;
