EXECUTIVE SUMMARY

This report provides an analysis and evaluation of performance against planned targets for the FY 2019/20 to FY 2021/22 and outlines the resource allocation for the period covering FY 2023/24 to FY 2025/26 for the Education Sector. The Sector is critical in promoting political, social and economic development of Kenya through developing all-round individuals capable of overcoming prevailing societal challenges. It consists of two directorates that is Early Childhood Education (ECD) and Vocational Training (VT).

The Sector envisions attaining “A globally competitive education, training, research and innovation system for sustainable development.” This is to be achieved through six strategic objectives including; Development of policies and regulations to govern Vocational Training and Early Childhood Development (ECD) matters in the county; Provision of quality Pre-Primary education and Vocational Training; Planning and Coordination of both Early Childhood Education(ECE) and Vocational Training; Ensuring quality assurance and standards for all ECE centres and Vocational Training Centres programmes and activities; Enhancing access, retention and transition through provision of bursaries and scholarships to needy students of Nakuru County; Provision of vocational training grants for revitalization of Vocational Training Centres.

The sector is committed to the provision of quality education and training to all the County citizens, in an effort to contribute to the building of a just and cohesive society that enjoys inclusive and equitable social-economic development. In this regard, the sector focused on achieving the objectives of the Kenya Constitution 2010, with regard to Education and Training and national priorities as envisaged in the Kenya Vision 2030, Post Covid-19 Economic Recovery Strategy (ERS), and other international commitments. The Sector is expected to undergo policy reforms in order to enhance access and inclusivity as well as improve quality and relevance. This will ensure that the education system promotes innovativeness and lifelong learning. These reforms require additional investments in order to meet the

expectations of the citizens through improvement of education outcomes.

The Sector spent KES 691,402,144 against an approved budget of KES 1,412,667,436 in 2019/20, KES 602,836,411 against approved budget of KES 1,163,039,451 in 2020/21, and KES 774,002,170 against approved budget of KES 1,447,005,850 in 2021/22. The Sector has planned targets for the period 2023/24 to 2025/26 whose achievement will contribute to the delivery of strategic objectives of the sector as outlined in chapter one. The estimated cost for the FY 2023/24 is KES 3,368M, for the FY 2024/25 is 4,469M and KES 4,264M for FY 2025/26

The enrolment of pupils in ECD Centres increased by 8% from 117,090 in FY 2020/21 to 126,324 in FY 2021/22. However, the enrolment of VT trainees remained constant in FY 2020/21 and 2021/22. The teacher pupil ratio improved from 1:142 to 1:89 through recruitment of 306 additional teachers on Permanent and Pensionable terms in FY 2021/22. The trainer trainee ratio in the VTCs also improved from 1:41 to 1:35 through recruitment of 24 instructors in the FY 2021/22.

In addition, the Sector trained 2500 ECD teachers on implementation of Competence Based Curriculum for PP1 and PP2. A number of issues emerged during the MTEF period, namely: the recovery of the global COVID-19 Pandemic; Implementation of Competency Based Curriculum (CBC); Review of legal and policy framework for ECD; Government policy on 100% transition on all levels of Education; ICT integration in Education; Implementation of Competency Based Education and Training (CBET) for Vocational Training Instructors.

During the review period, the Sector faced a number of challenges namely: Insufficient and ever reducing funding, coupled with delay in disbursement of funds which hampers implementation of projects and programmes; Negative political engagement in the disbursement of Bursary; Inadequate transport in the sector at all levels that hinders monitoring and evaluation; lengthy procurement process that hindered implementation of projects and programmes; Inadequate infrastructure and facilities in learning and training institutions which is exacerbated by the 100% transition. Other challenges are inadequate human

resources capacity due to natural attrition and accumulation of pending bills; In order for the Sector to improve on the delivery of its mandate, it is recommended that; funds to be released on time to enable the implementation of projects and programmes; adequate infrastructure be provided to support delivery of education outcomes; use of ICT in education delivery and management be adopted ; special needs education be adequately addressed through assistive devices and attainment of disability friendly institutions; Timely development of Bill of Quantities; Provision of Sector operational vehicles to enable monitoring and evaluation. Also, emphasis should be placed on advocacy, mentorship, and provision of start-up kits to VTC graduates. Effective implementation of the programmes will result in increased socio economic benefits of Nakuru citizens in general and students in particular.

CHAPTER ONE

1.0 INTRODUCTION

1.1 Background

The Constitution of Kenya recognizes education as a fundamental human right, providing for free and compulsory basic education to ensure no Kenyan is left behind in the walk towards prosperity. The County Government of Nakuru recognizes the provision of meaningful and adequate education and training as fundamental to Kenya's overall development strategy. The sector contains two Directorates Education and Vocational training. The formation of the sector and the allocations of the functions have been through key policy documents; the Constitution of Kenya 2010, the Fourth Schedule, Part 2 outlines specific responsibilities devolved to the County Governments on pre-primary education, village polytechnics and Child Care facilities. The Government of Kenya has formulated several policies, Acts and regulations for education and vocational training. These include Pre-primary Education Policy 2017, Children's Act 2012, TVET Act 2013, Basic Education Act 2012, Public Finance Management (Nakuru County Bursary Fund) Regulations 2015 Section 4(II) which outlines ,School Safety Manual, Subsidized Vocational Training Centre Support Grant Regulations, Public Health Act and ECDE Act 2021. The Directorate of Education has been working closely with the Kenya Institute of Curriculum Development (KICD) and the Ministry of Education in ensuring timely curriculum delivery to the learners. Consequently, Directorate of Vocational Training has been collaborating with the State Department for Vocational and Technical Training on the implementation of various policies and guidelines to inhibit mismatch between training institutions and the job market.

The Sector report takes a lead to interface strategy, planning and budgeting. This is anchored into programmes and prudent asset use, accountability and responsibility in the public resource allocation and expenditure. The sector budget proposal for the period 2023/24-2025/26 is being prepared under the

Medium Term Expenditure Frame (MTEF) and is programme based in line with the Public Finance Management Act (PFMA) 2012. This process gives way for the actualization of the County Integrated Development Plan (2023-2027) implementation.

The Directorate of Education has a total of 637 permanent staff (20 staff and 617 ECE Teachers) and 67 ECE teachers on contract (8 were affected by natural attrition). The total number of teachers employed by Board of Management (BOM) is 1900. The enrolment of ECE children in the County according to the Nakuru CSA 2022 report, currently stands at 126,324 i.e. Public ECE 60,571 (boys 28,215 and 32,356 girls) and 65,853 (30,726 boys and 35,127 girls) in our private ECE centres. The teacher pupil ratio in public schools is 1:89 which goes against the policy of 1:30, hence the Directorate has a gap of 1,335 ECE teachers. The transition rate in ECE currently stands at 98%. The Directorate of Education currently has a total of 940 Public ECE attached to primary schools and 74 standalone ECE Centres. The infrastructure in ECE has improved since Early Childhood Education (ECE) was devolved. However, it is still inadequate hence the need for more budgetary allocations. The Directorate constructed 2 Centres of Excellence in Naivasha and Nakuru West Sub-counties, distributed instructional materials to all public ECE centres and age-appropriate furniture to all public ECE Centres. The Directorate of Vocational Training has 34 functional Vocational Training centres and twelve others awaiting commissioning. The enrolment of trainees is 5321 (2,588 Male and 2,733 Female). It also has 152 instructors and 13 permanent members of staff. The ratio of instructors to trainees is 1:35 which is below the recommended standards by the Ministry of Education and Technical Vocational Education Training Authority (TVETA) of 1:20 hence the directorate has an existing gap of 114 instructors.

1.2 Sector Vision and Mission

Vision

A globally competitive education, training, research and innovation system for sustainable development.

Mission

To provide, promote and coordinate quality education and training for lifelong learning and sustainable development.

1.3 Strategic Goals/Objectives of the Sector

The sector is committed to the provision of quality education, training, science and technology to all residents of Nakuru through; -

- Development of policies and regulations to govern Vocational Training and Early Childhood Education (ECE) matters in the county.
- Provision of quality Pre-Primary education and Vocational Training

CHAPTER TWO

2.0 PROGRAMME PERFORMANCE REVIEW FOR THE PERIOD 2019/20-2021/22

2.1 Review of Sector Programmes/Sub-Programmes/Projects-Delivery of Outputs/ Key Performance Indicators (KPI)/Targets

The Directorate of Education prioritized the following programmes; establishment of 2 Centres of Excellence construction of classrooms, procurement of age-appropriate furniture, recruitment of ECE teachers, improvement of sanitation in all ECE Centres and enhancement of transition and retention through provision of Bursary to needy students. During the period under review, the Directorate of Education improved access through construction of 443 ECE classrooms thereby increasing facilities towards enhancing Early Childhood learning within the county. Increased awareness on importance of Early Childhood Education led to an increase in retention and transition rates. ECD instructional materials on new curriculum were procured and distributed to all public ECE Centres. The Directorate equipped all public ECDE Centres with water tanks and soap worth 5Million, to improve sanitation. It also procured age-appropriate furniture to 477 classrooms in ECD Centres and trained all Sub-County ECE coordinators on Report Writing and Senior Management Course, to improve the quality of Education in the institutions. During the period under review, the department recruited 422 ECE teachers on permanent basis hence improving the teacher pupil ratio to 1:89. The Directorate constructed 2 no. ECE Centres of Excellence, one in Naivasha and another in Nakuru West Sub-counties.

The Directorate of Education improved retention by facilitating the rolling out of bursaries worth Ksh 468 Million benefiting 124,491 needy students in both Secondary and Tertiary Institutions across all the 55 wards during the period under review. Secondary schools benefitted with the largest share of 54%. The County issued bursary to Special Need Students in both Primary, Secondary and Tertiary Institutions in line with Disability Main Streaming requirement of the Performance

Contract. Successful achievements of this initiative can be credited to the implementation of the policy governing the issuance of bursaries.

The Directorate of Vocational Training had prioritized the following programmes; construction of training rooms, recruitment of instructors, procurement of tools and equipment and disbursement of Subsidized Vocational Training Support Grant to trainees (SVTSG). During the period under review, the Directorate of Vocational Training recruited 46 instructors on permanent basis. It constructed 5 Vocational Training Centres spread across the County, 3 administration blocks and a storey building at Njoro VTC. In the same period, the directorate procured tools and equipment worth Ksh 30 million benefiting 33 VTC`s spread across the county. The Directorate provided 600 attachment places and supervision to trainees. It was also able to hold four sensitization sessions across the county to popularize Vocational Training and the programmes offered. To increase access, retention and completion rate, the Directorate further disbursed Kshs 245M to 13,257 trainees as Subsidized Vocational Training Centres Support Grant.

3.0 MEDIUM TERM PRIORITIES AND FINANCIAL PLAN FOR THE MTEF PERIOD 2022/23 – 2024/25

3.1 Prioritization of Programmes and Sub-Programmes

3.1.1 Programmes and their Objectives

1) Programme 1: Administrative, Planning and support services

Sub programme: 1.1 Administration

Sub programme; 1.2 Personnel Services

Sub programme; 1.3 Financial Services

Objective: To provide effective and efficient services to directorates, organizations and the public in Nakuru County.

2) Programme 2: Promotion of Early Childhood Education and Development

Sub programme: 2.1 Promotion of Early Childhood Education

Sub programme: 2.2 Bursaries

Sub programme: 2.3 Education Development

Objective: To Provide Quality Early Childhood Education and Development

3) Programme 3: Vocational Training and Skills Upgrading

Sub programme: 3.1 Vocational Training

Sub programme: 3.2 Vocational Development

Objective: To Provide Quality Vocational Training Services to the trainees

Key Statistics for the sector

Education Directorate has a total of 1003 operational public Early Childhood Education (ECE) Centres and 1,455 private ECE Centres. The data for ECE Children currently stands at 126,324 comprised of 60,571 and 65,853 from Public and Private ECE Centres respectively. The number of ECE teachers currently employed stands at 684 while 1900 are BOM teachers. The teacher pupil ratio in public

schools is 1:89 which goes against the policy of 1:30, hence the Directorate has a gap of 1335 ECE teachers. Vocational Training Directorate has 33 functional Vocational Training Centres. The current population stands at 5,321 trainees while the instructors are 152. The ratio of instructors to trainees is 1:35 which is below the recommended standards by the Technical Vocational Education Training Authority (TVETA) of 1:20 hence the directorate has a gap of 114 instructors.

3.2 Analysis of Resource Requirement versus Allocation by Sector

The priorities for the Education Sector are in tandem with the international commitments which include the SDG 4 of ensuring “inclusive and equitable quality education and promote lifelong learning opportunities for all” and the African Agenda 2063 whose goal is to transform Africa into a Knowledge-based Economy through innovations. The sector priorities are also guided by the strategic objectives as articulated in the Constitution, national development strategies in the Medium-Term Plan IV (2023 - 2027) of Vision 2030, the Post Covid-19 Economic Recovery Strategy Plan, Bottom-up Economic Agenda 2022-2027 and the Governors Manifesto following the change of guard.

3.2.1 Sector Recurrent

Table 5a shows a summary of the resource requirement versus the allocation as per Department projections. In order for the sector to achieve its mandates, the requirements are herein summarized in the table below according to its economic classification. The main requirements are namely, recruitment of ECE teachers and instructors. This is to enable the department hire 60 vocational training instructors and 350 ECE teachers to reduce the existing gap of 114 instructors and 1,335 ECE teachers. Purchase of learning materials to be in line with the new CBC in provision of free and compulsory Early Childhood Education to all public ECE`s within our jurisdiction. The directorate of Early Childhood Education has prioritized the disbursement of bursary to needy students and the school feeding programme which are emphasized in the Governors Manifesto. Consequently, allocation of resources to free and compulsory ECD grant, Integration of ICT and

e-Learning in ECD Centres, equipping of ECD Centres (age-appropriate furniture & fixed play-equipment) are among the programs that require sufficient funding. The Vocational Training Directorate has prioritized the construction of hostels at the VTCs resulting from the increased enrolment rate. Construction and equipping of VTC Centre of Excellences has been prioritized for the next three financial years. The department has also made a requirement to cater for exit programme of Vocational Training Trainees. This will enable them be supplied with tools and equipment necessary to start their trade as they graduate from Vocational Training. The sector has also planned for acquisition of title deed both in ECD and Vocational Training Centres to avoid land grabbers.

For the Department to achieve its target the ideal Gross Recurrent requirement for the period 2023/24 is **Kshs. 2,161,584,185** against a ceiling of **Kshs. 769,425,326**, for the period 2024/2025 the Gross Recurrent requirement is **Kshs. 2,474,580,603** against an allocation of **Kshs. 846,367,858** and **Kshs. 2,742,295,163** as the Gross Recurrent requirement against an allocation of **Kshs. 931,004,645** for the period 2025/2026.

The sector plans to undertake all the necessary activities to advance its mission of providing of quality education, through maintaining and securing new and additional financial, human and material resources to bridge the resource gap and ensure sustainable development.

CHAPTER FIVE

5.0 EMERGING ISSUES AND CHALLENGES

The Education Sector has unique operations, emerging issues and challenges as stated below;

5.1 Emerging Issues

- Post Pandemic recovery
- Implementation of Competency Based Curriculum (CBC);
- Review of legal and policy framework for ECD;
- Government policy on 100% transition on all levels;
- ICT integration in Education
- Implementation of Competency Based Education and Training (CBET) for Vocational Training Instructors

5.2 Challenges

The Education sector has made great progress towards the realization of the County Education goals and objectives. The sector focuses on promoting access, equity, quality and relevance in Education. Despite the progress made, there still exist significant variations between the targets set out and achievements made so far. This section discusses some of the key challenges: -

- Insufficient and ever reducing funding, coupled with delay in disbursement of funds which hampers implementation of projects and programmes;
- Negative political engagement in the disbursement of Bursary;
- Inadequate transport in the sector at all levels that hinders monitoring and evaluation;
- ECD and Vocational Training follow an Education calendar while the county follows financial year calendar which does not match with timely release of funds;

- Frequent revision of the budget even after the expenditure has been committed greatly affect the implementation of programmes;
- Inadequate capacity building programmes e.g. for teachers and instructors which affects career progression;
- Inadequate human resources, insufficient office space and furniture;
- Lengthy procurement process and procedures which delay service delivery;
- Minimal input from stakeholders especially on ECDE activities;
- ECDE and VTC's classrooms put up without the accompanying requirements e.g. furniture, qualified instructors and sanitary facilities.
- Negative perception of vocational training centres hence low enrolment
- Misconception of VTCs capitation grants that the training is totally free, which is not the case.

5.3 Lessons learnt

- i.) Analysis of projects evaluated revealed that there was higher efficiency in project implementation in cases where there was collaboration between sectors. This contributed to achievement of higher-level outcomes in projects/programmes interventions.
- ii.) Projects/programmes implemented through National donors/Local partnerships demonstrated better progress compared with direct departmental initiatives e.g. Training of ECDE Teachers on CBC was in partnership with BAK
- iii.) Regular field monitoring and evaluation enabled collection of data necessary for decision making, tracking, implementation in development planning and advising future projects planning and design.
- iv.) The emergence of COVID-19 pandemic has had disruptive effects on sector operations, academic calendar, businesses and livelihoods. This is

expected to have lasting effects beyond the CIDP 2018-2022 implementation period.

- v.) Preparation and updating of the County Statistical Abstract has provided data needs for integrated development planning and tracking implementation of projects and programmes at the County level

CHAPTER SIX

6.0 CONCLUSION

The Sector made major milestones in delivering its mandate of providing inclusive, equitable and quality education, training and research to all learners and trainees. During the period under review, there was significant progress towards enhancing access, retention, completion rate, transition, quality, equity, linkages to industries and relevance in education and training. These achievements are evidenced by increased enrolments in schools and VTCs; implementation of the Competency Based Curriculum and Assessment in ECDs; introduction and implementation of CBET programmes in VTCs; improved pupil-book ratio and pupil-teacher ratio; increased disbursement of bursaries and scholarships; improved learning environment in the institutions. The gains are in tandem with the Sector priorities, which include; access and participation to compulsory pre-primary education; equity and inclusion; education quality and relevance; and mainstreaming of pertinent and contemporary issues in education, social competencies and values. The Sector will continue implementing its programmes in line with sector priorities as envisaged in the Governor's Manifesto, the MTP IV of Kenya Vision 2030 and other international agenda such as SDGs and African Agenda 2063. However, the allocated financial resources for the sector are far below the requirements to meet targets set in the development agenda. This is further constrained by the delays in exchequer releases and high pending bills, which will also slow down implementation of the sector programmes.

In view of the stated budgetary challenges, the sector will endeavour to bring on board development partners like JICA, AKIRA/ILO, Build Africa Kenya, and Child fund Kenya, Commercial banks, book publishers among others to partner with the Sector to bridge the existing gaps. The Sector will also prioritise its projects for effective utilisation of the funds allocated to it. All these factors will therefore need urgent attention in order to enable the sector achieve its goals and objectives

CHAPTER SEVEN

7.0 RECOMMENDATIONS

In view of challenges and emerging issues the sector recommends the following measures to enhance delivery of quality Education and Training Service to the public and for effective implementation of the Flagship Projects and other programmes

- Increase the ceilings that are too low, which affects the implementation of the various programs and projects.
- Timely release of funds by the treasury to enable the sector run its programmes. The county treasury should consider allocating funds to the prioritised programmes in order to speed up service delivery.
- Review Policy on disbursement of Bursary to ensure a free and fair process
- Provision of Sector operational vehicles
- Use of ICT in education delivery and management be adopted
- Timely development of Bill of Quantities.
- Construction of one Model ECD Centre per Sub-County.
- Construction of a County Model Polytechnic that will offer training up to Higher National Diploma and collaborate with universities to offer bachelors in technical courses like engineering.
- Set up one Vocational Centre of Excellence in each Sub-County.
- Provision of school feeding programme to all public E.C.E Centres
- Provision of Capitation grants for Free Vocational Training and Early Childhood Education.
