The guidelines apply to all the County Government Departments, Entities, City and Municipalities Boards and the County Assembly.
- 2) The Guidelines provide information on the following: -
 - i) Background to the Medium-Term Budget 2024/25-2026/27.
 - ii) Key policy priorities to guide the proposal of Medium-Term Budget 2024/2025-2026/2027.
 - iii) Key timelines and requirements for key activities for budget preparation process.

- v) The framework and procedure for the public participation in the budget process.
- vi) Annual programme performance reviews.

B) BACKGROUND

- 3) The FY2024/25 and the Medium-Term Budget is being formulated against an improving economic outlook albeit a slow growth recovery among economic sectors and regions. According to the latest forecast, Global GDP growth in 2023 and 2024 is projected to decline from 3.5% in 2022 to 3.0%. The tightening monetary policy by Central Bank to fight inflation continues to impact negatively on economic activities. Assuming no further supply-based shocks, extreme weather and escalations of Russia-Ukraine crisis, Global headline inflation is expected to ease from 8.7% in 2022 to 6.8% in 2023 and 5.2% in 2024.
- 4) In the Sub-Saharan Africa region, growth is projected to decline slightly from 3.9% in 2022 to 3.5% in 2023 before rebounding to 4.1% in 2024. The Kenyan economy is expected to remain resilient in 2023 and grow by 6.0% and maintain that momentum over the medium-term. This growth outlook will be supported by a broad-based private sector growth, including continued strong performance of the services sector and recoveries in agriculture, while the public sector consolidates.
- 5) Given the limited resources that the economy is likely to generate under prevailing circumstances, the County and thus County Departments/Entities are required to ensure that key priorities are accommodated within the resource envelope and ensure that focus is on the implementation of strategic priorities outlined in Vision 2030's Medium-Term Plan IV (MTP 2023-2027) priorities, Governor's Manifesto and CIDP 2023-2027 as outlined in the ADP 2024/2025.
- 6) The budget for the FY2023/2024 and the Medium Term was on the basis of the PFM Act 2012, 2015 PFM Regulations and the Executive Order No.1 of 2023. This being first budget to be prepared under the current County administration, Heads of Departments/Entities were required to take lead in budgeting for the fiscal strategy and policy initiatives of the current

Government for the medium-term period as espoused in its development agenda. The was largely shaped by the current integrated plan period (CIDP 2023-2027) and the National Government Bottom-up Economic Transformation Agenda (BETA). Therefore, as outlined in the CIDP 2023-2027, the next MTEF budget will continue being based on the following priority areas:

- a) Completion of ongoing and stalled projects
- b) Operationalization of complete projects
- c) Leveraging on growth in productive sectors of the economy including agriculture, trade, manufacturing and services;
- d) Mainstreaming/integration of cross cutting issues in development planning including green growth & green economy, sustainable development, climate change adaptation, Disaster Risk Reduction (DRR), SDGs and special interest groups;
- e) Promotion of access to integrated, quality and affordable healthcare services;
- f) Enhancing governance, transparency & accountability as well as efficiency and effectiveness in delivery of public good;
- g) Creating enabling environment for promoting private sector growth and faster growth of MSMEs;
- h) Expansion and operationalisation of County physical and social infrastructure

C) SPECIFIC GUIDELINES
