

# **Report on Public Participation: Identification of Ward Projects**

Ward: Viwandani Ward, Naivasha Municipality Date: 2nd April 2024

### Introduction

This report presents the outcomes of a public participation forum held in Viwandani Ward at Viwandani County Social Hall on 2nd April 2024. The forum sought to identify priority development projects for the ward, ensuring inclusivity and alignment with the community's immediate and long-term needs.

#### Attendance

The forum saw robust participation from various stakeholders, including:

- Residents of Viwandani Ward
- Representatives from the County Government and municipal departments
- Local leaders and community-based organizations
- Urban planning and technical experts

### **Projects Identified**

#### 1. Drainage Improvement

- **Objective:** Address flooding and stormwater management issues in the ward.
- **Proposals:** 
  - Construction of new stormwater drainage channels especially at storm water gulley that collects water from A8 highway
  - Rehabilitation of existing drainage systems, especially in flood-prone areas such as Kabati and Site and Service zones.
  - Routine maintenance to ensure proper flow during rainy seasons.

### 2. Non-Motorized Transport (NMT) Infrastructure

- **Objective:** Promote sustainable and inclusive mobility solutions.
- Proposals:
  - Development of pedestrian walkways and cycling lanes along neighboured roads.
  - Installation of adequate lighting and clear signage for safety.

• Integration of NMT infrastructure with existing public transport systems to enhance connectivity.

## 3. Expansion of Sewerline Network

- **Objective:** Improve sanitation and wastewater management.
- **Proposals:** 
  - Extension of the sewerline to underserved areas, including Hopewell and Site and Service.
  - Construction of additional wastewater treatment facilities to handle increased demand the current one is overwhelmed as its capacity is little compared to the demand
  - Community awareness programs on the importance of proper sewer system usage as many household has connected surface run off to the sewerline

## 4. Affordable Housing Projects

- **Objective:** Provide modern, cost-effective housing for residents.
- Proposals:
  - Transitioning from low-density housing to medium- and high-density residential developments especially the Kanju houses
  - Construction of affordable apartment blocks with up to 5 floors in areas such as Hopewell and Kabati.
  - Partnerships with private developers to ensure affordability and sustainability.

## 5. Paving of Roads

- **Objective:** Improve accessibility and reduce dust pollution.
- Priority Roads:
  - Access roads to residential and commercial areas.
  - Roads connecting Viwandani Ward to other wards.

## 6. Installations of Street Lights in the ward

### **Additional Considerations**

- Water and Sanitation: Upgrading water supply systems alongside sewerline expansions.
- **Energy Access:** Electrification projects targeting new housing developments especially in Mithure locality as it is largely informal.

### Recommendations

- 1. **Resource Allocation:** Focus on drainage and sewerline projects as immediate priorities to mitigate health and environmental risks.
- 2. **Partnership Development:** Leverage private-public partnerships to fund affordable housing and infrastructure development.
- 3. **Community Engagement:** Maintain continuous community involvement to ensure projects meet local needs.

### Conclusion

The forum successfully identified priority projects that align with the community's vision for sustainable development in Viwandani Ward. Implementing these projects will significantly improve living standards, infrastructure, and environmental quality in the ward.
