PUBLIC PARTICIPATION/INVOLVEMENT OF STAKEHOLDERS

Public participation provides an all-inclusive platform for identifying and prioritizing Government projects and activities under the budgeting process by stakeholders and the general public. The PFM Act 2012, County Government Act, 2012 and Article 201 of the Constitution of Kenya calls for openness, accountability and public participation in financial matters. Further, Section 117 of the PFM Act 2012 obligates the County Treasury to take into account views of among others, the public and interested persons/groups in preparing the CFSP which informs the Budget estimates.

The County in the process of preparing the CFSP 2024, held public hearings from 29th January – 2nd February 2024 on the County Sectoral budget proposals and recommendations for the 2024/2025-2026/2027 MTEF period. A total of 1,185 participants took part in the Sectoral Hearings. Of this, 628 were male and 557 were female. Moreover, 58 participants were Persons with Disability. The fora agreed with the policies and programmes enumerated by Departments albeit with a few alterations in various areas of consideration.

The County pursuant to provisions of Nakuru County Revenue Allocation (Amendment) Act, 2024 invited residents of Nakuru between 2nd – 5th April, 2024 to take part in the budgeting process by giving proposals on priority projects at the Ward level to be implemented by the County during FY2024/2025. A total of 6,108 persons participated, of whom 3,998 were male and 2,110 were female. Further analysis reveals, 148 participants were Persons with Disability, 1,796 were youths and 4,312 were persons aged above 36yrs. The available budget for consideration was Ksh. 1.65 billion. Analysis of the proposals received revealed that infrastructure projects had the highest priority followed by water projects as highlighted in the figure below.

Part A. Vision

A Healthy County

Part B. Mission

We provide integrated quality health services for all.

Part C. Strategic Objective

1) Programme 1: Administration, operational research and Planning

Objective: To implement and enact evidence-based policies that relates to resource mobilization, Planning and strengthening health care.

2) Programme 2: Preventive and Promotive Health Services

Objective: To reduce disease burden associated with environmental health risk factors and unhealthy lifestyle.

3) Programme 3: Health curative and rehabilitative services.

Objective: To provide essential quality health Services that is affordable, equitable, accessible and responsive to client needs.

Part D. Performance Overview and Background for Programmes

The Department of Health Service derives its mandate from the 4th schedule of the constitution of Kenya 2010, Executive Order No. 1 of 2023 and Legal Notice no 137 of 2013. In order to promote access to quality health care services in the county the department will fulfill the following.

- a) Address discrimination of marginalized areas and vulnerable groups
- b) Ensure quality of health services

- c) Ensuring equity of health services
- d) Promoting access to health services throughout the County
- e) Ensure efficiency is at the core of its health department and services
- f) Address problems of low-quality health services

The following services are offered in county health facilities and pharmacies; ambulance services, promotion of primary health care, licensing and control of undertakings that sell food to the public, cemeteries, funeral parlors and crematoria services.

This is achieved through reorganizing the department into two divisions: Medical Services (Curative and Rehabilitative services) and Public Health (Promotive and Preventive Health Services) headed by Chief Officers. The functions are further implemented through Program Based Budgeting (PBB) in three directorates: -

1. Public Health and sanitation.
2. Medical services.
3. Administration and Planning

In the FY 2022/2023, the Department's actual expenditure amounted to KES 5,611,962,437 out of the approved allocation of KES 7,324,400,259, resulting in a 77% absorption rate. This lower-than-expected absorption rate can be partly attributed to factors such as the general elections and the transition to a new administration.

During the Medium-Term Expenditure Framework (MTEF) period under review, revenue collection within the department experienced a 2% decline, decreasing from Ksh 1,550,628,478 in the FY 2021/22 to Ksh 1,519,271,411 in FY 2022/23. Despite this decline, efforts were made to reinvest these funds into facilities to ensure continuous improvement in quality, aligning with FIF regulations.

The total Pending bill for both Recurrent and Development as at 30th June 2023 was Ksh 673,916,728.83. This is inclusive of headquarter pending bills amounting to Ksh 267,182,967.43 and Ksh 406,733,761.40 for various level 4 & 5 hospitals.

Major achievements based on planned outputs for the previous funding period

In the MTEF period 2020/21-2022/23, the County Government of Nakuru made significant progress in implementing its infrastructure development agenda. Some of the key achievements include: Grading and gravelling 1864.25Km/ 962.03Km of roads respectively; Construction of 27.131km new drainage network and rehabilitation of 17.77km of the existing network; Construction of 36 new motorable/ foot bridges; Construction of 94 motorcycle/ boda-boda sheds; Installation of 523 new streetlights and maintenance of 3147 existing ones across the county.

Constraints and challenges in implementing the budget

- Lengthy procurement processes hindering timely project implementation
- High power bills in street lighting
- Contract management is a lengthy process
- The implementation of awarded projects is hindered by delays on the part of contractors, thereby impeding the implementation of said projects within the stipulated timelines.
- Huge backlog of projects rolled over from previous financial years continues to heavily impact on the capacity to implement new projects over the years.
- Due to severe weather conditions, some projects experienced delays in their implementation.
- Inadequate budgetary provisions for fuel and maintenance of machinery/equipment
- One of the major issues faced by technical staff is the inadequate supervision vehicles, which in turn hampers their mobility and ability to reach different project sites in a timely and efficient manner.
- Shortage of qualified professional staff.
- Late disbursement of funds by the National Treasury.

Major services/Outputs expected to be achieved in the MTEF Period 2024/2025-2026/2027

In the 2024/25–2026/27 MTEF period, the sub-sector will implement two programmes: 1: Administration, planning and support services, 2: Infrastructure, Development and

However, with the approval of the CIDP, the office of the county attorney reviewed its three programmes to only two, one being administration and planning and the other being the core mandate of acting as the principal legal advisor to the county executive. In terms of performance the following were realized.

- i. During the period under review, 567 cases were litigated and successfully concluded

- ii. 37 laws were reviewed and forwarded to the assembly for legislation and passing and consequently enacted
- iii. Digitization of legal records was completed and the office is in the process of automating legal records.
- iv. Establishment of a legal library was initiated during the period under review and is expected to be completed in the next MTEF period.

The office of the County Attorney has the core mandate of provision of legal services to the County Government of Nakuru. The office is established under the office of the County Attorney Act no 14 of 2020 and clearly spells out the mandate of the office as;

Expenditure trends

For FY 2021/22 the office had an approved budget of **16,200,000** against an actual expenditure of **15,218,215** by the end of the that financial year reflecting a budget absorption rate of **93.8 percent**. During the FY 2022/23, the OCA had a total allocation of Ksh. **207,900,000** (Supp II). However, total expenditure by the close of the FY was **117,878,896**. This reflects a budget **56.7 percent**. The bulk of this expenditure was towards settlement of legal pending bills.

Key emerging issues, constraints and challenges associated with budget implementations included a growing number of litigations against the county government, inadequate budgetary allocation, inadequate legal personnel, lack of a legal library and weak adoption of ADR/AJS mechanisms.

✓ **Expenditure trends of the Sector are as follows:**

During the MTEF period 2020/2021-2022/2023 the Department was allocated Kshs. 4,321,513,408. Actual expenditure was Kshs. 2,152,586,684. Actual Development expenditure in all the programmes amounted to Kshs. 1,453,470,310. Actual Recurrent expenditure was Kshs. 699,116,374. Low absorption rate was attributed to delayed procurement process after dispatch of BQs, high costs of service delivery leading to termination of contracts by contractors hence need for review of BQs and delayed disbursement of funds from National Treasury.

✓ **Some of the major achievements include the following:**

During the MTEF period 2020/2021-2022/2023, the Department promoted 59 No. of staff and recruited 19. No. of staff. This has enhanced efficient and effective service delivery.

The Department has adopted both Integrated Solid Waste Management Model and Circular Economy towards successful management of solid waste. This has enhanced waste collection and disposal thus improved County's health and the aesthetic status of the urban areas. This has been realized through involvement and up scaling of private sector in waste management and continued government investment in waste management infrastructure including purchase and fabrication of 1 No skip loaders, purchase of 25-acre sanitary landfill, purchase of 11 No. Waste skip bins, and purchase & installation of 506 number of litter bins. The department has also ensured capacity building of county government staff and engagement of casual workers, which has enhanced enforcement and compliance monitoring, continuous

disposal sites management and finally rigorous environmental education and awareness (Clean-up exercises in our Lakes ecosystems and other areas). The rigorous efforts of rehabilitating the County designated disposal sites e.g., rehabilitation of Gioto disposal site and securing Naivasha disposal site is also a success story.

The Department has continued to execute her mandate in matters noise and excessive vibrations pollution control. The Department is ensuring compliance and continuous monitoring. The same function has enhanced revenues collected through the Department thus supporting other revenue generating streams within the County. The department has also been able to undertake continuous partial desilting of storm water retention pond to enhance its functionality towards pollution control into Lake Nakuru. The sector is also ensuring water, air, land and other nuisances monitoring through established Enforcement and Compliance Unit at the Environment headquarters. Several compliance achievements have been realised including 100 No. statutory notices issued and complied. The area of priority has been ensuring abatement of pollution acts such as, waste water discharge in the open, illegal dumping among others.

The Department also successfully completed the Participatory Climate Risk Assessment across all 55 wards and developed the Nakuru County Climate Change Action Plan 2023. Capacity building of 55 ward Climate Change Planning Committees on climate is also a commendable achievement. 110 No of people have been trained on change and adoption of clean energy solutions. Nakuru County was awarded best in clean energy advocacy in 2023. The Department managed to grow 1,156,284 number of trees (963.57 ha) of various species within the County, under climate change mitigation programme, and normal tree growing programmes with partners contribution for the purpose of increasing forest cover. Rehabilitation and maintenance of open spaces and county parks e.g., maintenance of Nyayo garden and Greening and beautification of the stretch along Nakuru Nairobi highway (statehouse to Kiundu area) is a success story.

Key achievements by the Department on policy formulation includes gazettelement of Nakuru County Waste Management Act 2021, Nakuru County Climate Change Act 2021, Nakuru County water and sanitation act 2021 dated 17th May 2021 and Nakuru County Climate Change Fund Regulations. Development of SEACAP, Nakuru County Water Strategy and Energy Plan 2021 is also a success story. The Sector has also seen the establishment of climate change champions drawn from various department with aim of mainstreaming climate actions and green building technology into departmental plans and programmes.

The Department during the FY 2020/21-2022/23 implemented 397 No. water projects that contributed to increased water accessibility through 66 No. borehole drilling; 63 No. borehole equipping with solar; desilting of 10No. Dams/ water pans, protected 8No. Springs and rehabilitation of 246 No. Water projects. This resulted in increased water production of 7,647m³/day and coverage of approximately 2%.

✓ **The following were some of the constraints and challenges encountered during budget implementation: -**

- Delays in Exchequer Releases: Late releases from the exchequer hinder project and program execution, affecting service delivery due to low fund absorption.
- Inadequate capacity of community on identification of projects during budgeting public participation. This leads to underfunding of projects and identification of projects without availability of public land for implementation.
- Inadequate funding for departmental programmes. There has been a backlog of investments into the sector creating a challenge for the county as some facilities or structures have to be carried forward to the next financial year due to budgetary constraints.
- Continued Degradation of Environment and her resources through logging, excessive charcoal burning and over exploitation of fragile ecosystems
- EIA/ESIA/ and WRA Assessment: Lengthy statutory regulations before necessary documents are obtained.
- Lack of land for expansion or relocation space of water storage and sewerage facilities, and dumpsites/sanitary landfills.
- Inadequate working equipment and tools
- Inadequate technical staff. This has been attributed to natural attrition.
- Increased energy costs: This has an impact on cost of delivering services to the people at an affordable price.

✓ **Major Outputs expected to be achieved in the MTEF period 2024/2025- 2026/2027 include:**

Rehabilitation of Department headquarter offices, training, promotion and recruitment/replacement of 55, 140, and 70 No. of staff respectively. The Sector also targets to drill 45 No. boreholes, solarize 45 No. boreholes, desilt 9 No. dams, and rehabilitate 315 No of water projects as well as construct 3 No. of sewerage extensions which will ensure connection of 150 No of new households to the sewer network. Additionally, the Sector aims to conduct 45 No of environmental education and awareness workshops, annually desilt 2700cm³ storm water retention ponds, formulate Nakuru County e- waste Management Policy/ Regulation, purchase 1 No. Waste compactor truck and 1 No. waste management bulldozer, 15 No. skip bins, 60 litter bins, 140 No. waste trolleys and 1 No. commercial incinerator. The Sector also targets to secure/ rehabilitate 4 No. disposal sites, Operationalize Gilgil waste recovery centre and purchase 5 acres of disposal site in Subukia. The Secor will also ensure rehabilitation and maintenance of green spaces and increase tree coverage by 2625ha by the end of FY 2026/27 and implement ward climate change projects under FLLoCA programme. More details on the Sector's targets are in part E below.

3. **Disaster Management and Humanitarian Assistance:** The department develops and implements policy guidelines, and mechanisms to build the capacity of the county to prevent, mitigate, manage, respond to and help communities recover from the effects of disaster.

Mandate of the department is based on fulfilment of article 235 and 236 of the Constitution of Kenya, 2010 and the County Government Act, 2012 section 56 on establishment of the County Public Service.

Mandate of the Department

The department's mandates include:

Constraints and challenges

During the implementation period, the Department faced the following challenges and constraints:

- SRC has been harmonizing salaries and allowances since July 2017. While the exercise is welcome and plays a big role in staff motivation, the same has expanded the County Government personnel budget.
- Data cleansing in the payroll is pending. Once the cleansing is undertaken the county will have accurate data and seamless management of employee issues.
- Slow preparation of the Bill of Quantities by the department of Public Works which hindered commencement of the department's priority projects and programs (construction of Sub County and ward offices).
- Budgetary constraints:
 - i. Inadequate budgetary allocation for programs and projects.
 - ii. Delay in budget approval by the county assembly affected the planned departmental work plan schedule.
 - iii. Late approval and re-allocation of funds in the supplementary budget has stalled projects that had already commenced.
 - iv. No/inadequate budgetary allocation for various programs i.e., civic education and public participation, special programs and Disaster Management and Humanitarian Assistance.

- v. Inadequate training and capacity building budget against a high demand for training.
- Lack of adequate vehicles, human resource, and office space in the department.
- Harnessing interdepartmental synergy among NCPSB, PSC and PSD in the formulation and validation of policies and schemes of service has proved challenging against timelines, commitments, and budget.
- Lack of support/goodwill in the implementation of performance management system from top management.
- Lack of requisite HR policy, regulations and compliance to legal requirements has led to numerous HR litigations which are time consuming and costly due to the mandatory court proceedings.
- Lack of approved county organisational structures, staff establishment and succession management plan.
- Lack of established special programs units in the departments.

Medium Term Priorities and Financial Plan for the MTEF period 2024/25 – 2026/27

In the MTEF period 2024/25 – 2026/27, the subsector plans to finalize, review, and realign its organizational structure to improve program implementation. Consolidating its programs to five, including General Administration, Planning and Support Services, Coordination of County Civic Education and Public Participation, Coordination of County Policy Formulation, Enforcement and Compliance, Coordination of County Human Resource and Performance Management, and Coordination of Disaster Management and Humanitarian Assistance, is a key objective.

Within the Administration Directorate, efforts will focus on enhancing service delivery coordination by providing logistical support, such as increased office space, staffing improvements, and vehicle provision. Development of high-standard sub-county, ward, and village administration offices is prioritized to decentralize services and enhance the County Government's image at the grassroots level. Additionally, the department aims to conduct research to improve service delivery county-wide, including satisfaction surveys for both customers and employees and assessments of the work environment.

The Special Programs Unit plans to establish units in ten county departments, focusing on mitigating issues such as substance abuse and HIV/AIDS to improve productivity. The Human Resource Management (HRM) unit will concentrate on establishing structures, systems, and policies for efficient county government functioning, including staff training and performance management. The Performance Management System will be rolled out comprehensively, along with efforts to digitize the County Registry for better data management.

Customization and validation of the HR policy and procedures manual for the County Government are underway, with the department seeking to harmonize existing schemes of service and address staff shortages through succession planning and recruitment proposals. Disaster Management and Humanitarian Assistance will recruit staff and establish an emergency call centre, prioritizing disaster preparedness training.

The Nakuru County Government recognizes ICT as a key enabler for economic development and social transformation in the county. The sub-sector aims at providing efficient, affordable and reliable ICT infrastructure and services as outlined in the Fourth Medium Term Plan (MTP IV) of the Kenya Vision 2030, Bottom-up Economic Transformation Agenda (BETA), Nakuru County Integrated Development Plan 2023-2027 and the Governor's Manifesto. MAJOR ACHIEVEMENTS

During the period under review, the Directorate of **Education** constructed two centres of excellence in Naivasha and Nakuru west sub counties, constructed 337 ECE classrooms thereby increasing facilities towards enhancing Early Childhood learning within the county. Increased awareness on importance of Early Childhood Education led to an increase in retention and transition rates. Language, Mathematical, Environmental Activity books and ECE Teachers Handbook were procured and distributed to all public ECE Centres. It also procured age-appropriate furniture and distributed to 846 classrooms in ECD Centres across the county. Trained teachers on CBC implementation and additionally trained 12 staff (Strategic Leadership Development Program-7, Supervisory Skills-1 and Records Management-4). The directorate recruited a total of 422 ECE teachers to bridge the teacher pupil ratio. Additionally, the Directorate of Education facilitated the rolling out of bursaries worth Kshs 542,714,997 benefiting 139,494 needy students in both Secondary and Tertiary Institutions across all the 55 wards during the period under review.

During the period under review, the Directorate of **Vocational Training** recruited 52 instructors on permanent basis. It constructed five Vocational Training Centres spread across the County, three administration blocks and a storey building at Njoro VTC. In the same period, the directorate procured tools and equipment worth Ksh 6,248,925 benefiting three VTC's spread across the county. It was also able to hold nine sensitization forums across the county to popularize Vocational Training and the programmes offered. To increase access, retention and completion rate, the Directorate further disbursed Kshs 295,110,473 to 13,257 trainees as Subsidized Vocational Training Centres Support Grant. During the period under review a total of 4,700 learners graduated.

During the period under review, the **ICT, e-Government and Public Communications** Sub sector recruited two ICT officers to bridge the indent gap; promoted five ICT officers; trained seven officers in partnership with the ICT Authority of Kenya; installed internet in 13 sites across the county; trained 3,900 youths at Shabaab and Menengai digital centres on digital marketing, video captioning, transcription, data analysis, annotation, social medial management, content creation, graphic design and on-demand virtual assistant skills for 8 weeks as an incentive of enhancing relevant technical skills, attitudes and mindsets required to be a successful freelancer; installed a firewall at the HQ data centre which is at 70% completion rate stage; and procured ICT equipment and accessories.

CONSTRAINTS AND CHALLENGES IN IMPLEMENTING THE BUDGET

- 1) Budgetary constraints: Insufficient and ever reducing funding, coupled with delay in disbursement of funds which hampers implementation of projects and programmes; Frequent revision of the budget even after the expenditure has been committed greatly affects the implementation of programmes;
- 2) Negative political engagements in the disbursement of Bursary;
- 3) Inadequate transport in the sector at all levels that hinders monitoring and evaluation;
- 4) ECD and Vocational Training follow an education calendar while the county follows financial year calendar which does not match with timely release of funds;
- 5) Inadequate capacity building programmes e.g., for teachers and instructors which affects career progression;
- 6) Inadequate human resources, insufficient office space and furniture;
- 7) Procurement challenges: Lengthy procurement process and procedures which delay service delivery;
- 8) Minimal input from stakeholders especially on ECDE activities;
- 9) Inadequate and dilapidated infrastructure: ECDE and VTC's classrooms put up without the accompanying requirements e.g., furniture, qualified instructors and sanitary facilities; infrastructure in ECD and VT centres needs rehabilitation; insufficient infrastructure due to 100% transition leads to congestion in schools.
- 10) Negative perception of vocational training centres hence low enrolment.
- 11) Misconception of VTCs capitation grants that the training is totally free, which is not the case.
- 12) Inadequate capacity for special needs education. Special needs education is faced with inadequate number of specialized teachers, instructors, other support staff and facilities.
- 13) Natural calamities and unexpected events. Provision of equitable education and training is affected by natural calamities such flooding in institutions, roofs blown by strong winds etc.
- 14) Titling of land for ECD and VT institutions. A large number of institutions lack title deeds.
- 15) Poor project management has led to contractors abandoning ongoing projects citing high costs of implementation (inflation of building materials), poor budgeting (inadequate allocation of budgets), and lack of accountability through monitoring and evaluation.
- 16) VTCs are grappling with a shortage of trainers for their programmes, this is brought about by the fact that qualified trainers shun VTCs because of low remuneration and poor terms of service. Most instructors are migrating to the Teachers Service Commission (TSC) due to better remuneration and terms of service.
- 17) Low enrolment rates in VTCs brought by a collective of factors including negative attitudes by communities, stiff competition from TVCs, TTIs, TVETs and national government/private institutions of higher learning compounded by exclusion from placement by KUCCPS, high poverty levels, poor training and infrastructure, lack of adequate learning and teaching materials, and inadequate/lack of tuition support and bursaries (learners in VTCs are not qualified for HELB loans) for VTC trainees.

- 18) Delayed integration of ICT in ECD curriculum due to budgetary constraints and lack of stakeholder's support.
- 19) Lack of infrastructure like fibre optic cable connectivity in some regions making it very expensive to install high speed networks.
- 20) Slow pace in adoption of new technologies in the county.
- 21) Delay in acquisition of license and payment of internet in the Digital Centres.

MAJOR SERVICES/OUTPUTS EXPECTED TO BE ACHIEVED IN THE MTEF PERIOD 2024/25-2026/27

In the MTEF period 2024/2025-2026/2027, the Department has prioritized Programmes and Sub programmes to stimulate inclusive growth and development in line with the government development agenda of the Kenya's Vision 2030, Fourth Medium Term Plan (MTP IV), Bottom-up Economic Transformation Agenda (BETA), Nakuru County Integrated Development Plan (CIDP), and the Governor's Manifesto.

Under administration, the sector will focus on the preparation of a strategic plan to guide long-term objectives and activities, while also equipping offices with modern resources for enhanced efficiency and improvement of working environment. A service charter will be developed to ensure service quality and standards are upheld, and the asset register will be updated for comprehensive documentation and accountability of assets. In terms of human resources capacity, the sector aims to recruit additional support staff to bolster the workforce and provide better administrative support. Employee training will be prioritized to enhance skills and capabilities, fostering professional growth and improved service delivery. Furthermore, the sector is committed to the well-being of its employees and will hold mental health clinics to address their mental health needs. Additionally, officers will be promoted as a means of recognizing their achievements, motivation, productivity and encouraging career advancement. By prioritizing these strategies, the sector seeks to strengthen organizational capacity, improve service delivery, and create a supportive and efficient work environment for its employees, fostering continuous improvement and sustainable development in the coming MTEF period.

Under the promotion of early childhood development, the sector has laid out key strategies for implementation. These include the comprehensive roll-out of a school feeding programme to benefit all 1,003 public ECD Centres targeting a total of 60,571 learners, ensuring adequate nutrition, retention and enrolment for young learners. Moreover, the sector aims to encourage talent development and holistic growth by ensuring the participation of ECD Centres in competitive co-curricular activities. To further improve the quality of education, instructional materials will be provided to all the 1,003 public ECD Centres. Embracing technology, the sector will partner with development stakeholders and partners such as EIDU to integrate ICT into ECD, fostering enhanced teaching and learning experiences. Strengthening the workforce, additional ECD teachers will be recruited to support early learners effectively.

Additionally, the disbursement of bursaries will provide vital financial assistance to needy students.

Infrastructure development will be a key focus, with the construction of ECD classrooms, equipping ECD classrooms and construction and equipping of special needs classrooms, and providing outdoor play equipment to ECD Centres to create conducive learning spaces. To showcase best practices, the establishment of Centres of Excellence is also factored in the plan. Addressing sanitation needs, toilet blocks will be constructed, while water tanks will be supplied to ECD Centres to enhance access to clean water. By pursuing these strategies, the sector aims to enhance Early Childhood Education, ensuring a strong foundation for the holistic development and future success of young learners.

Under Skills Upgrading in Vocational Training, the sector will prioritize the following strategies. Firstly, the preparation of the Nakuru Vocational Training Policy will establish a legal framework for effective and cohesive Vocational Training initiatives. The sector will proceed with the purchase of 1 institutional bus and driving truck to kick-start the driving school course, expanding skills offered to learners. Additionally, start-up kits will be provided to Vocational Training Graduates, empowering them to transition into entrepreneurial ventures. The sector will ensure inclusivity by training staff members in special needs sign language to cater for diverse learners. To bolster the workforce, the sector will recruit additional instructors to enhance training capabilities. Furthermore, fostering talent development, all 34 VTCs will actively participate in co-curricular activities. The sector will invest in infrastructure, commencing with the construction of hostels and training rooms to create conducive learning environments. VTCs will be equipped with modern tools and equipment to deliver high-quality training. Lastly, the sector will embark on the construction of Vocational Training Centres of excellence, serving as models for best practices. By adopting these strategies, the sector aims to elevate vocational training standards, empower graduates, and cultivate a skilled workforce that meets the demands of the evolving job market.

Under Information and communication services and ICT Infrastructure Development and e-Government Services, the resources will be prioritised in the development of ICT infrastructure including: setting up and operationalization of a production studio at the county HQ to facilitate multimedia content creation and dissemination, procurement of communication equipment to strengthen communication channels and network capabilities, upgrading of the county website to ensure an improved and user-friendly online platform for information sharing, establishment of digital and media centers to provide access to digital resources and media services to the public, installation and configuration of LAN, WAN, Wi-Fi, and internet services to enhance connectivity across the county, deploy data security measures to safeguard sensitive information against cyber threats, installation of CCTV systems to enhance surveillance and security in public spaces, and installation of power back-up systems to ensure uninterrupted ICT services and operations during power outages.

The Sub-sector will play the focal role of automating services and integrating Nakuru County ICT systems i.e., the Revenue, IFMIS, IPPD, HRM, LIMS, Fleet Management, Project

Management, EMR and Disaster Management systems to allow for seamless and agile information sharing between county departments and agencies.

The ICT policy will address the changes in technology, its adoption and other emerging technological issues. The policies will further be used to provide a comprehensive framework to support and ensure that logical access controls are implemented appropriately to protect the usage and utilization of the County's ICT resources.

Additionally, the Sub-sector will improve its capacity through recruitment of optimal staff, train ICT staff, and purchase motor vehicles to enhance the mobility of staff. The sub sector will also focus on continuous training of youths across digital centres and host innovation forums as incentive to promote digital literacy, knowledge sharing and technological creativity. Moreover, the production of print media and documentaries will facilitate information dissemination and awareness campaigns through leveraging of multimedia platforms to engage the public effectively. Further the sub sector will issue guidance on branding of county projects to departments to ensure uniformity.

Major achievements based on planned outputs for the previous funding period

During the medium-term expenditure framework (MTEF) period spanning 2020/21-2022/23, Gilgil Municipality as a County Government of Nakuru entity was not operational and as a result, no programmes were carried out during the review period. Meaningful progress was however made in the operationalization journey of the municipality as undertaken by the Department of Lands, Physical Planning Housing and Urban Development through the directorate of Urban Development.

Major milestones achieved in the period under review include;

- Appointment of Ad hoc Committee to review change of status of Gilgil town.
- Successful public participation fora on the chartering of Gilgil Municipality.
- Preparation and adoption of draft Municipal charter by the County executive and County Assembly of Nakuru.
- Issuance of municipal charter on 7th July, 2022.
- Preparation of draft Gilgil Municipality Integrated Development Plan 2023-2027.
- Successful interviewing and vetting of municipal board members.

- Creation of department level budget vote head for Gilgil Municipality.

The challenges facing the municipality include;

- I. Lack of adequate human resource to manage the affairs of the Municipality effectively.
- II. Inadequate office space for the members of the Board and the staff seconded to the Board.
- III. Inadequate funding. The budgetary allocation for the municipality is currently inadequate for the efficient running of the municipality.
- IV. Over-reliance on donor funding. Major development priorities for the municipality are pegged on donor support such as the World Bank funded KUSP and KISIP programmes.

Major services/Outputs expected to be achieved in the MTEF Period 2024/2025-2026/2027

In the MTEF period spanning 2020/21-2022/23, Gilgil Municipality was inactive and did not initiate any operations, resulting to no programmes being carried out during that period. In the next Financial Year 2024/2025, the subsector tends to undertake key development priorities which include: Improved infrastructural development through construction of parking lots and installation of solar street lights; Improved environmental management through purchase and installation of litter bins and rehabilitation of parks/green spaces; Improved business environment through construction of Jua Kali sheds and markets; Improved Social Services through rehabilitation of social halls.
